

## **HOUSE RULES and REGULATIONS**

Effective September 2015

New Claim Condominiums is comprised of 58 units with different owners. Condominiums operate effectively when all residents and owners work cooperatively in observing rules and regulations which benefit us all by preventing nuisance and annoyance caused by improper use of the condominiums and facilities. Observance of the rules also protects the desirability of the premises.

These rules have been adopted by the Management Committee (Board), and, in accordance with the CC&Rs owners agreed to when purchasing their unit, are binding on the owners, guests, renters, and others who use the units and common area facilities of the New Claim Condominiums. They are a "standard of behavior" that we expect of each other as good neighbors. These rules may be amended, altered, or added to at any time by action of the Board, for the safety, cleanliness, and welfare of the occupants of the building. The building manager, owners, full time residents, and security cameras will be used to monitor compliance with the rules and regulations. The Management Committee will assess fines as appropriate for violations.
